TEST SELECTION

BRAIN CHEMISTRY TEST MENU (WALSH/PFEIFFER MODEL)

Table with 4 columns: Panel Name, Specimen Type, Practitioner Cost, Patient Cost. Rows include Metabolic Panel, Metabolic Panel Plus, Advanced Metabolic Panel, and Advanced Metabolic Panel Plus.

Table with 4 columns: Individual Test, Specimen Type, Practitioner Cost, Patient Cost. Rows include Ceruloplasmin, Copper, Histamine, and Homocysteine.

Table with 4 columns: Individual Test, Specimen Type, Practitioner Cost, Patient Cost. Rows include Kryptopyrrole Quantitative Urine, TSH, Vitamin D 25-Hydroxy, and Zinc.

See next page for more tests.

PATIENT NAME (Last, First):

**STANDARD CLINICAL CHEMISTRY TEST MENU**

| Panel Name  | Specimen Type | Practitioner Cost | Patient Cost |
|---|---------------|-------------------|--------------|
| <b>General Wellness Panel</b> (CMP 14, CBC, Lipid Panel w/ Total Cholesterol, LDH, GGT, Iron & TIBC, Uric Acid, Phosphorus)   | Blood         | \$40.00           | \$60.00      |
| <b>Basic Thyroid Panel</b> (TSH, Free T3, Free T4, Total T4)  | Blood         | \$72.00           | \$102.00     |
| <b>Advanced Thyroid Panel</b> (TSH, Free T3, Free T4, Total T4, Reverse T3, Total T3, T3 Uptake, Thyroglobulin Ab, TPO Ab)  | Blood         | \$145.00          | \$198.00     |
| <b>Blood Sugar &amp; Insulin Resistance Panel</b> (CRP hs, Homocysteine, Insulin, Hemoglobin A1c, Fibrinogen Activity)  | Blood         | \$96.00           | \$134.00     |
| <b>Comprehensive Wellness Panel</b> (Hemoglobin A1c, Uric Acid, Phosphorus, Magnesium Serum, LDH, GGT, Iron & TIBC, Ferritin, CRP hs, Homocysteine, Thyroid Profile II, Free T3, Reverse T3, Free T4, TPO Ab, Thyroglobulin Ab, Vitamin D 25-Hydroxy, Fibrinogen Activity, CMP 14, Lipid Panel w/ Total Cholesterol, HNK1 CD57 Profile, CBC, Urinalysis Complete) | Urine & Blood | \$250.00          | \$280.00     |

| Individual Test   | Specimen Type | Add-On Cost | Practitioner Cost | Patient Cost |
|---|---------------|-------------|-------------------|--------------|
| <b>ABO Grouping W/ Rho(D) Typing</b> (006049)           | Blood         | \$17.00     | \$38.00           | \$46.00      |
| <b>ACTH</b> (004440)                                    | Plasma        | \$49.00     | \$72.00           | \$91.00      |
| <b>ADH</b> (010447)                                     | Plasma        | \$39.00     | \$69.00           | \$76.00      |
| <b>Adiponectin</b> (004650)                             | Blood         | \$113.00    | \$142.00          | \$156.00     |
| <b>AFP Tumor Marker</b> (002253)                        | Serum         | \$38.00     | \$60.00           | \$78.00      |
| <b>Albumin</b> (001081)                                 | Serum         | \$22.00     | \$44.00           | \$62.00      |
| <b>Aldosterone</b> (004374)                             | Serum         | \$75.00     | \$98.00           | \$111.00     |
| <b>Aluminum</b> (071548)                                | Blood         | \$63.00     | \$86.00           | \$100.00     |
| <b>Ammonia</b> (007054)                                 | Plasma        | \$51.00     | \$74.00           | \$93.00      |
| <b>Amylase</b> (001396)                                 | Serum         | \$18.00     | \$40.00           | \$48.00      |
| <b>ANA</b> (164947)                                     | Serum         | \$15.00     | \$36.00           | \$38.00      |

\$326.00

**OTHER TESTS / NOTES**

---

---

---

**Practitioner Cost:** The amount for a test when paid by a medical professional with an active account.  
**Add-On Cost:** Place an order for one of DHA's panels and add the additional tests on for a greatly reduced price.

**PLEASE NOTE:**

**If you require testing that is not listed here, or have a special request regarding the fee schedule, please contact a laboratory representative for assistance. We can help!**
